Executive Summary:

On 7/18/11, the Government Operations Committee recommended denial of a request for a Class B3 liquor license for a new business, Alibi Bar & Grill, to be located at 12 N. 3rd Street. The owner has requested that the committee reconsider its action.

Class B-3 licenses authorize the retail sale of alcohol for consumption on the premises of a restaurant and tavern. For B-3 licensees, a full menu shall be available at all times liquor sales are being conducted until 11 p.m. Sunday through Thursday, and 11 p.m. Friday and Saturday. After such times, in the event a full menu is not provided, a reduced menu shall be available, provided that the kitchen shall not cease operating sooner than one hour before closing.

From the discussion at the 7/18 meeting, it appears that some members desire for Alibi to operate as a restaurant. In reconsidering this application, the committee may elect to:

1. limit the operating hours (having the establishment terminate alcohol service or close earlier than permitted by ordinance)
2. require that the kitchen be open at all times that alcohol is served

City of St. Charles,

Alibi plans to be a leader in the food and service industry for the area. Enclosed you'll find a brief outline of some of Alibi's proposed idea's to help drive more business into the community.

The Restaurant will be conveniently located at, 12 North 3rd St., allowing people from the surrounding communities to come and enjoy a finer quality dining experience with live music and entertainment. We offer an open floor plan which includes a banquet room to host community and private events. I've had personal meetings with other business owners in the area, particularly Dawn at Dawn's Beach Hut who expressed her excitement for Alibi's opening. Dawn speculates that Alibi will draw patrons back to our section of the downtown area.

I'd like to thank the liquor commissioner and city council for their time and consideration.

Alibi Bar and Grill will define its brand and produce its logo using staff within the Company, or will contract with a production or design house to do so.

- Establish itself as a trusted name in the community
- Build a base of clients that is large enough to sustain business
- Generate enough revenue to expand operations
- Become the preferred restaurant in Kane County

In order to reach these operational goals, the Company will build on its strengths and advantages as outlined in the following section.

Competitive Edge

Alibi Bar and Grill will compete directly with all restaurant and bars in the area. However, most of these establishments feature a “bar” vibe with loud music blaring, rather than a comfortable and relaxing environment for patrons to unwind. Alibi Bar and Grill will capitalize on its competitors’ weaknesses by building on the following strengths (also see *2.1 Product and Service Description*):

- Knowledgeable and friendly management staff
- Relaxing environment with controlled lighting
- Comfortable seating will take the edge off
- Music will not be excessively loud
- Delicious martinis and fun appetizers
- Aggressive marketing campaign
- Emphasis on total client satisfaction

Marketing Strategy

The Company will generate interest for its unique lounge and martini bar by utilizing a variety of direct and indirect advertising channels that will emphasize the Company's commitment to quality, professionalism, and caring. These marketing mediums are further described below:

- Grand opening event: The Company will host a grand opening event featuring live music, free drinks, food samples, and prize giveaways. Individuals of all kinds can sample menu items while having a fun and exciting time with their friends and loved ones.
 - Chamber of Commerce: The Company will become a member of the St. Charles Area Chamber of Commerce, creating enhanced marketing throughout the immediate area. Benefits of this tactic include being listed in their monthly newsletter. This also will facilitate business through travel, as the Chamber of Commerce brings tourism and revenue to the community.
 - Street team: The Company will hire a dynamic street team to market the Alibi Bar and Grill to local businesses and residences. These representatives will pass out promotional literature such as flyers, coupons, and stickers.
 - Signage: Prior to its grand opening, Alibi Bar and Grill will place signs on the outside of its establishment. Its signs will be large, colorful, and eye-catching to all passersby. The Company will also consider placing signs in other areas to create brand familiarity.
 - Social networking sites: The Company will create a series of non-intrusive banner ads and/or applications to attract attention from members on MySpace or Facebook.com. Additionally, the Company will consider creating user-profiles to gain further attention. Social networking sites are an effective way to benefit from word of mouth on the web, and generate interest for the Company from the general public. Advertising on social networking sites is considered one of the most lucrative ways to generate return on investment (ROI), higher even than other online advertising methods and television.¹
 - Location: Alibi Bar and Grill will capitalize from its prime location in the downtown St. Charles area. The Company's location will attract shoppers and passerby in search of a Food before or after errands.
 - Word of mouth: The Company will see a steep increase in business through positive word of mouth referrals. As clients are satisfied with the level of customer service the Company provides, they will tell their friends, co-workers, and loved ones. Alibi Bar and Grill recognizes this marketing tool's effectiveness, and will capitalize on it in order to reinforce its image within the community.
 - Flyers: alibi Bar and Grill will distribute flyers in the mailboxes of residents in the surrounding communities. These flyers will include the Company's location and
-

important contact information. Furthermore, these flyers will highlight drink specials, appetizers, martinis du jour, and other unique features. Flyers will be eye appealing to ensure that readers remember them favorably.

- Takeaway menus: The Company will create and display its complimentary takeaway menus. These menus will list its Food, appetizers, drink specials, and a complete list of its martinis and wines. Menus are often a continuous marketing tool, as they can be affixed to a consumer's refrigerator as a friendly reminder or passed among multiple potential customers.
- Website: The Company will pay close attention to the development of its website. Its navigable, up-to-date website will likely be the first point of contact for potential customers seeking new and hip restaurants in the St. Charles area. It will contain information on its restaurant, attractive photographs of its restaurant and bar, contact information, directions to its location, hours of operation, and a description of the Company and its capabilities. The Company will effectively manage the website through cost-per-click marketing. Additionally, the Company will consider coordinating marketing efforts with websites such as craigslist.org and citysearch.com.

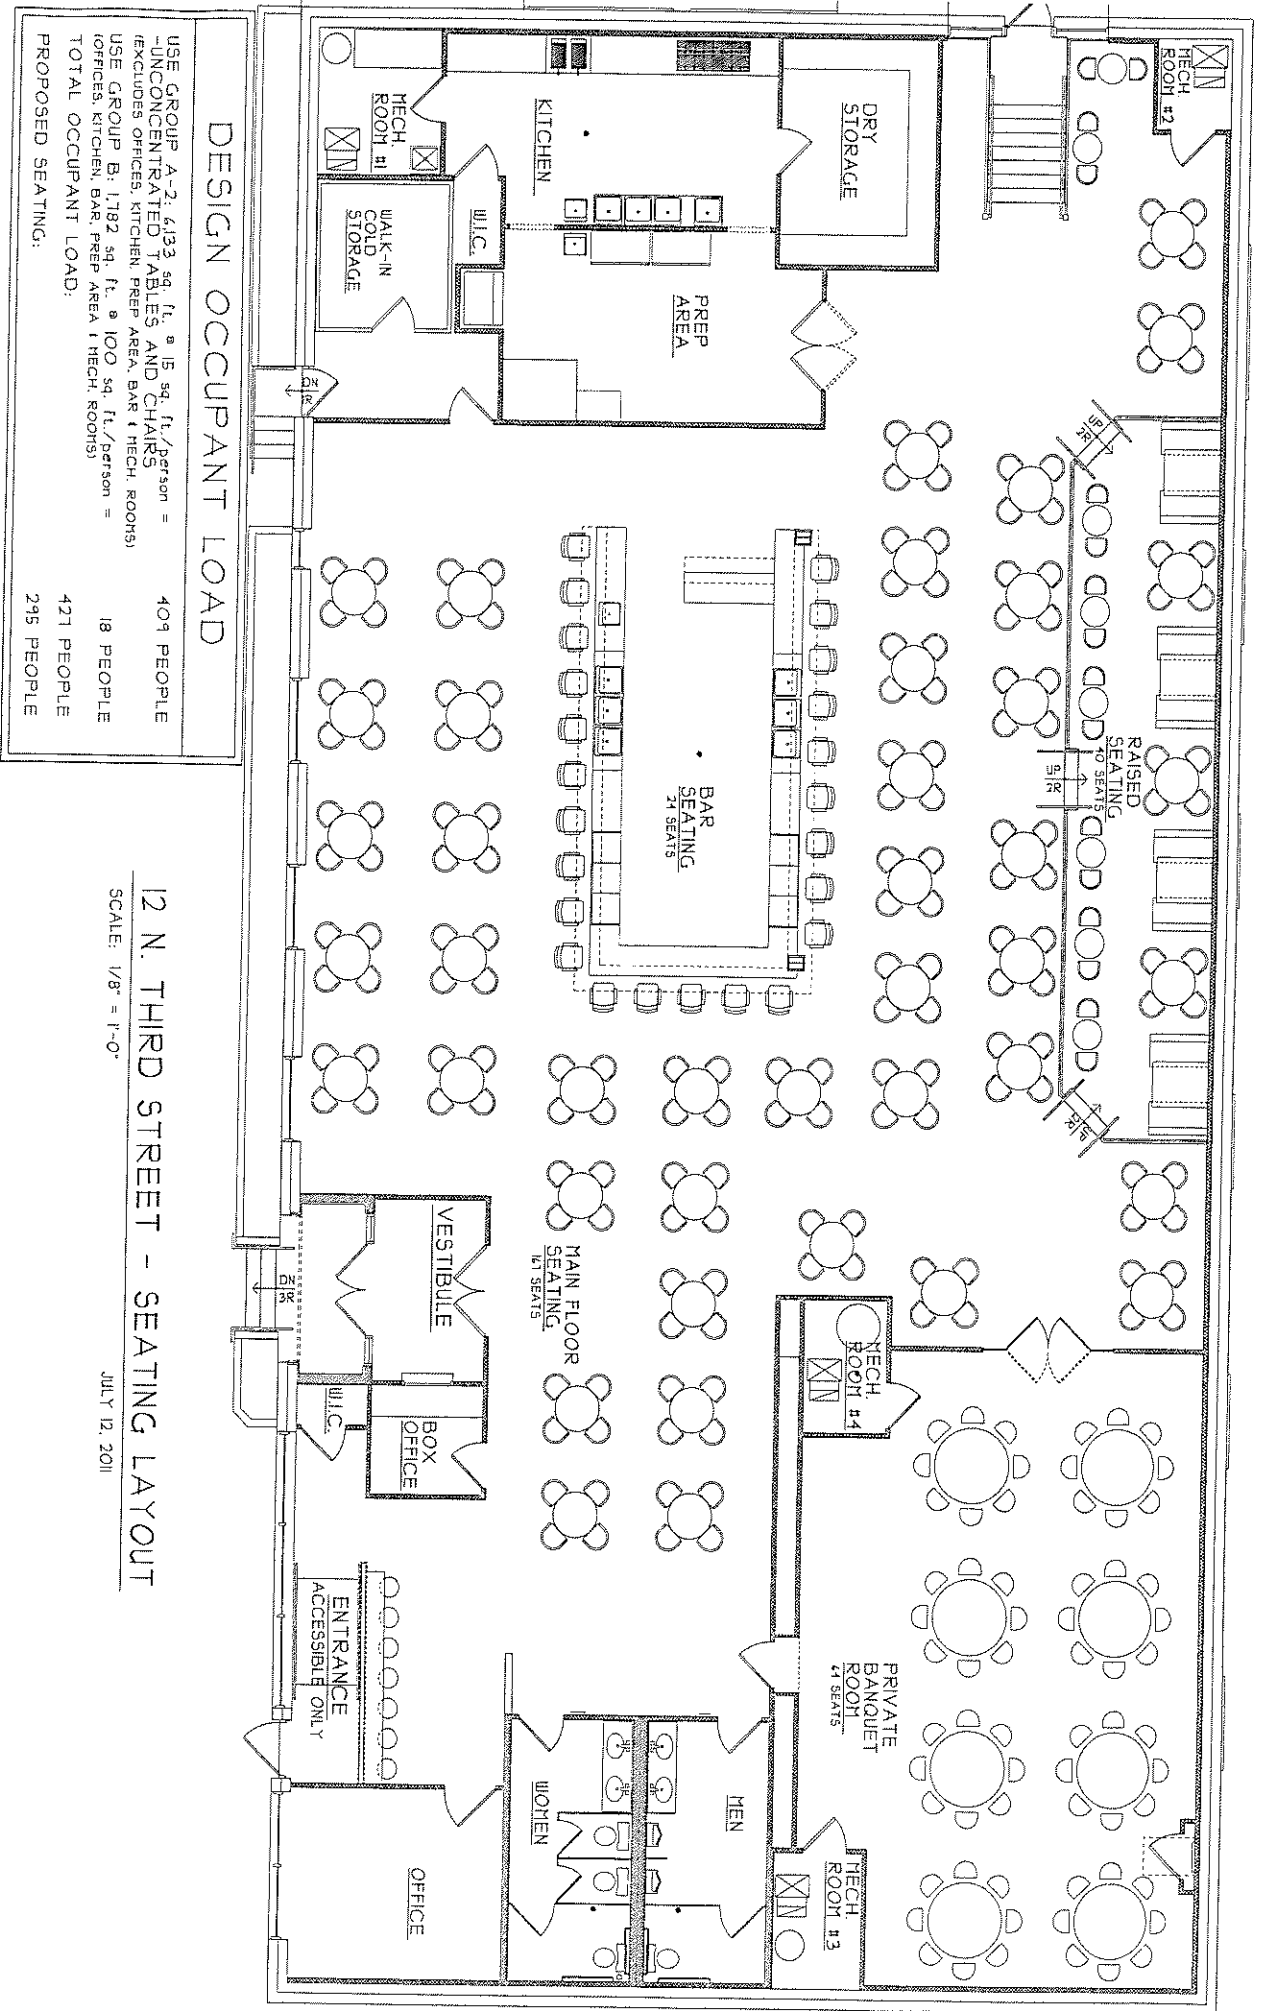

How we fit

With regards to the company's competition we feel that we can help drive business by bringing in new patrons, and helping revitalize old patron's interest through our live entertainment, music and food. Over the past few months we have personally met with the owners of Pub 222, The Beehive, Alley 64, Dawn's beach Hut, McNally's, and ZaZa'sn for inspiration and to introduce ourselves. Each Owner has been extremely helpful with sharing ideas that have worked well for them in the downtown St. Charles area. The owners seem to be excited about our contribution to the area and were welcoming and encouraging.
